EDUCATION

2019 - 2023

SGT COLLAGE, BELLARY
- Bachelor of Science
- CGPA: 7 / 10

LANGUAGES

- English (Intermediate)
- Kannada (Fluent)

PROFILE:

Enthusiastic and detail-oriented MERN Stack Developer with a solid foundation in frontend and backend technologies. Proficient in MongoDB, Express.js, React, and Node.js, with hands-on experience in building responsive web applications. Eager to apply my technical skills and contribute to impactful projects in a collaborative development environment.

SKILLS:

- **Techincal Skills:**
  - JavaScript | HTML5 | CSS3 | React.js | Express.js | Node.js | MongoDB | React - Router | Git/GitHub | Tailwind CSS | Redux | JSON | Deployment | Vercel | Render | Postman | API Testing | Mongoose | MongoDB - Atlas | NPM | Vite | React - Hooks | RESTFull APIs | JWT / OAuth.

- **Soft Skills:**
  - Problem-Solving | Team Collaboration | Communication | Adaptability

PROJECTS:

🖥️ Portfolio Website

Tech Stack: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Vercel

Live Demo: https://react-portfilo-shree.vercel.app/

- Developed and deployed a fully responsive portfolio website to showcase personal projects, skills, and education.
- Implemented interactive UI components using JavaScript and styled the application with utility-first Tailwind CSS.
- Designed a clean, mobile-friendly layout with consistent branding and navigation across devices.
- Deployed on Vercel for high-speed performance and optimized static site delivery.
- Created both desktop and mobile versions of the UI.

🛒 Product Store – MERN Stack E-commerce Web App

Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS, Redux, AWS EC2, AWS S3, MongoDB Atlas,

Project Link: https://github.com/Shreekantha45/Product-Store

Live Demo: https://product-store-frontend-h5hh.onrender.com

- Engineered a comprehensive Product Store application utilizing the MERN stack (MongoDB, Express.js, React.js, Node.js) to manage product listings.
- Implemented robust CRUD (Create, Read, Update, Delete) operations for effective product data management within a NoSQL (MongoDB) database.
- Designed and developed a responsive and intuitive user interface with Tailwind CSS, ensuring a seamless user experience across various devices.
- Integrated React Router DOM for efficient client-side navigation and dynamic content rendering.
- Developed RESTful APIs with Node.js and Express.js to facilitate communication between the frontend and backend.
